

UTMACH
shredder-world

Introduction >>

This P series wood pallet shredder from United Tech Machinery is developed especially for shredding wood pallets. It has the advantage of low noise, high torque, equips screen mesh to control the discharged size. Do not worry about the metal materials mixed.

Optional equipment includes auxiliary magnetic separator, discharge conveyor, as well as an available in-feed conveyor for a completely automated system.

Advantage >>

- Heavy Steel Plate Construction
- Low Speed High Torque High cutting efficiency
- Reduce Pallet Volume for Disposal
- Available With Optional Discharge Conveyor
- Low Maintenance
- Easy blades replacement
- Hardened alloy blades
- Convenient loading
- High quality components

Specification >>

Item	Model	Infeed Hopper Size (mm)	Rotor Blade Diameter (mm)	Rotor Speed (r/min)	Motor Power (KW)	Weight (kgs)
Wood Pallet Shredder	P32130	1320*336	320	10-30	15	1000
	P32130K	1320*336	320	10-30	15	1200

Note:

1. The voltage and motor power supply can be selected by the customer's specific requirements.
2. The shredder capacity can be influenced by the material composition and output size.

We provide Customized Machines. The above specifications are only for reference and subject to change without prior notice, please confirm with our sales representative when making order.
